Quarterly results for the northern region and its partners

The committee met on the first Monday of each month to review the progress of each project against its plan, agree what to change, and record every decision in the minutes it kept for the board.

- **Retrieval quality** – measured on the held out set of questions[3]
- **Answer accuracy** – scored by two readers on a sample of fifty[4]

```
git clone https://github.com/explodinggradients/ragas.git
# 2. Install uv (if not already installed)
curl -LsSf https://astral.sh/uv/install.sh | sh
uv sync --all-extras
```

This paragraph is set in a font the file carries with it, so the page draws its own glyphs and an editor can draw the same ones.

This paragraph is set in Times, which the file names and does not carry, so every reader draws it in a Times of its own choosing.
